Andres Felipe Porras Cordoba

Mechatronic Engineer

ABOUT ME

I am a mechatronics engineer with skills in the fields of design and mathematical modeling, programming, and electronics. I am a responsible and respectful person with the ability to learn quickly. I have excellent interpersonal relationships, adaptability to change, teamwork skills, initiative, and creativity in finding solutions. I possess strategic thinking, decision-making skills, a strong sense of commitment, perseverance, and a results-oriented approach.

Currently, I am seeking job opportunities where I can apply and enhance my skills to establish myself as a competent and up-to-date professional in line with the requirements and trends of the job market.

EDUCATION

Bachelor's Degree in Mechatronic Engineer

Universidad Militar Nueva granada | August 2017 - June 2022

Academic Bachelor

Colegio de Bachillerato de la Universidad Libre | November 2016

COURSES
